General notes & references:

The coding of parties in each country was elaborated with the precious help of several country experts, whom we would like to thank warmly: Sara Hobolt (Denmark); Ian McAlister and Rachel Gibson (Australia); Eva Onnudotti (Iceland); Gail McElroy (Ireland); Marcelo Jenny (Austria); Åsa Bengtsson and Oddbjørn Knutsen (Sweden), Jean Benoit-Pilet and Lieven De Winter (Belgium) and Claes de Vreese (Netherlands). We also retrieved some data from a dataset on the comparative selection of party leaders produced within the project led by Jean-Benoit-Pilet and William Cross, and where André Freire also participate: *The Selection of Political Party Leaders in Contemporary Parliamentary Democracies: A Comparative Study*, London, Routledge, 2013. For party typologies, we used mainly: Mair, Peter, and Mudde, Cas, «The Party Family and its Study», *Annual Review of Political*, 1, 1998, pp. 211-229; Diamond, Larry, and Gunther, Richard (2003), «Species of Political Parties: A New Typology», *Party Politics*, 9 (2), pp. 167-199.
